

Training and Development Governor Update: 4 February 2020

Skills Audit 2019/20

Thankyou to everyone who has completed the Skills Audit so far. There is a range of scores but overall it is positive. We score ourselves 1-5 (5 being strong) and the average across the board for each of the skills/experience is at least 3. I will do a further update once we have all the returns.

Training and Development Plan

I have updated the Training and Development Plan based on having new governors, existing governors taking on new responsibilities and suggestions at previous meetings. We will also each have our own individual training and development needs.

The government has made funding available for leadership training so I am finding out more and will come back to governors to decide if it something we want to take up.

Are you happy with the plan? Anything that needs to be added/changed?

Training and development available

Rotherham School Improvement Service (RoSIS) run a wide range of training courses. These are all free for us to attend. The prospectus is on the Governor page of the website. I also email reminders.

E-learning

It can be difficult for governors to attend courses. To help try and address this, we can now access over 50 training modules online for free via the National Governance Association (NGA) Learning Link website.

<https://www.nga.org.uk/Training-and-Development/NGA-Learning-Link-e-learning/Learning-Link-modules.aspx>.

Instructions on how to register is on page 2 of this update.

Other development opportunities

Attending meetings, visiting school, working together with other governors are all other ways of developing our knowledge of the school and our skills as governors.

What do you want from these updates? More/different/less information? Please say.

Trisha White
Training and Development Governor

NGA Learning Link: How to register

Go to <https://nga.vc-enable.co.uk/Register>.

1. Complete your name and email address
2. Click the search bar and input Meadow View's postcode (S61 2JD) and select Meadow View when it comes to the top
3. Tick the 'Consent' button and the 'I am not a robot' button
4. Then click the green 'click here to confirm registration' button
5. You will then receive a confirmation email which includes their login details. You can then log in to whenever you want.
