3. Barriers to future attainment (for pupils eligible for PP, including high ability)	
In-school barriers (<i>issues to be addressed in school, such as poor oral language skills</i>)	
A.	Communication, interaction and engagement skills are significantly lower for the majority of pupils (Pupil Premium and non-Pupil Premium eligible)
B.	Literacy (reading and writing) skills are significantly lower for the majority of pupils (Pupil Premium and non-Pupil Premium eligible) as a result of pupils' specific needs and some groups within the EAL group.
C.	Numeracy skills are significantly lower for the majority of pupils (Pupil Premium and non-Pupil Premium eligible) as a result of pupils' specific needs.
D.	Physical development (fine and gross motor skills) are significantly lower for the majority of pupils (Pupil Premium and non-Pupil Premium eligible) as a result of pupils' specific needs.
E.	SEMH (social, emotional and mental health) needs are significantly lower for the majority of pupils (Pupil Premium and non-Pupil Premium eligible).
External barriers (<i>issues which also require action outside school, such as low attendance rates</i>)	
F.	Attendance is generally low for specific groups within EAL group and we have high PA as many of our children live outside of the school catchment and travel further than majority of children and rely on public transport.

G.	SEMH (social, emotional and mental health) needs are significantly lower for the majority of pupils (Pupil Premium and non-Pupil Premium eligible) as some of our parents find parenting this area of development more challenging.

4. Desired outcomes

	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria</i>
A.	Improve communication (speaking and listening) skills of pupil eligible for Pupil Premium.	Pupils eligible for Pupil Premium in all years will make rapid and sustained progress (relative to their starting points, capabilities and special educational needs) by the end of the year so that almost all pupils eligible for Pupil Premium make expected, or above expected progress in English (speaking and listening).
B.	Improve literacy (reading and writing) skills of pupil eligible for Pupil Premium.	Pupils eligible for Pupil Premium in all years will make rapid and sustained progress (relative to their starting points, capabilities and special educational needs) by the end of the year so that almost all pupils eligible for Pupil Premium make expected, or above expected progress in English (reading and writing).
C.	Improve numeracy skills of pupil eligible for Pupil Premium.	Pupils eligible for Pupil Premium in all years will make rapid and sustained progress (relative to their starting points, capabilities and special educational needs) by the end of the year so that almost all pupils eligible for Pupil Premium make expected, or above expected progress in numeracy.
D.	Improve physical development (fine and gross motor) skills of pupil eligible for Pupil Premium.	Pupils eligible for Pupil Premium in all years will make rapid and sustained progress (relative to their starting points, capabilities and special educational needs) by the end of the year so that almost all pupils eligible for Pupil Premium make expected, or above expected progress in their physical development to enable them to access learning more easily.
E.	Improve SEMH (social, emotional and mental health) of pupil eligible for Pupil Premium.	Pupils eligible for Pupil Premium in all years will be able to recognise how to regulate their learning behaviours more (relative to their starting points, capabilities and special educational needs) so that almost all pupils eligible for Pupil Premium have the learning behaviours needed to make progress.
F.	Improve attendance of specific groups within and pupil eligible for Pupil Premium.	All parents of pupils eligible for Pupil Premium in all years will understand the importance of attendance and by the end of the year their attendance will be above 96% or have made improvements and closed the gap to 96%
G.	Support parents to improve SEMH (social, emotional and mental health) of pupil eligible for Pupil Premium	Parents of pupils eligible for Pupil Premium, who are struggling to support their child socially, emotionally and with their mental health will be supported with our Parent Support Advisor.

<p>A. Improve communication (speaking and listening) skills of pupils eligible for Pupil Premium.</p>	<p>-Speech and Language Services for one morning per week -0.4 x additional L3 TA in EYFS</p>	<p>Previous data showed that CLL that was the area which stopped a number of our children getting GLD. Research shows that utilising the support from a qualified therapist supports the ongoing support of their speech and language. Our aim is to ensure that a greater number of children achieve CLL and thus a greater number achieve GLD, particularly PP chn and meet demands of FS on entry data.</p>	<p>FS leader to ensure that the work conducted by the SLT is actioned in EYFS and that the data is tracked rigorously mid year to ensure that children who need the support from the SLT receive this. SENCo to liaise with the SLT for children who do not meet CLL at the end of F2 as they move into KS1.</p>	<p>JL & TK</p>	<p>At end of each term to reflect on data outcomes for CLL and plan targeted support for following term based on outcomes from Evidence Trails and data.</p>
<p>B. Improve literacy (reading and writing) skills of pupils eligible for Pupil Premium. C. Improve numeracy skills of pupils eligible for Pupil Premium. D. Improve physical development (fine and gross motor) skills of pupils eligible.</p>	<p>-EAL Support Assistant -0.5 x additional FT teacher in EYFS -1 x additional L2 TA Teaching Assistant in KS1 -2 x additional L3 TA Teaching Assistant in KS2 -0.5 additional teacher in KS2 -Read Write Inc resources for Y5 and Y6 -Specific SEN Resources for PP children</p>	<p>We have used evidence from external sources including research projects as well as reading from EFF which show the impact of Teaching Assistants in the classroom if targeted well and given the right training. We have strategically put the support across school, and given quality CPD, to ensure that children progress through supporting quality first teaching. Quality resources have been purchased to enhance the delivery of quality first teaching either suggested by Learning Support, ACT or research studies from our feeder secondary provision which we have trialed and seen impact.</p>	<p>SENCo to lead team of support staff to ensure that we have skilled staff who have the knowledge and skills to support children across school. All support staff attend weekly CPD with teachers so they understand quality first teaching and how to support it and also attend specific bespoke training.</p>	<p>TK</p>	<p>At end of each term to reflect on data outcomes for CLL and plan targeted support for following term based on outcomes from Evidence Trails and data.</p>

iii. Other approaches

Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
<p>E. Improve SEMH (social, emotional and mental health) of pupil eligible for Pupil Premium.</p>	<p>-MIND Services for one afternoon per week -Supplement for residential -Lunch Club at dinner times for Behaviour</p>	<p>MIND is an organisation which provides counselling for children. Children often need someone to talk to and support SEMH. In previous years we have tried to sought counselling for children with little success so we have endeavoured to bring counselling to the school. We have observed children blossom in confidence during the Y6 residential. Our aim is for as many children as possible to go and the cost should not be a barrier. We will subsidise PP children to enable families to support their child to go. We have clear evidence that if children have a good lunchtime, they can access learning in an afternoon.</p>	<p>MIND is a bought in service commissioned through Local Authority buy back. Visits Officer will check who has replied for Y6 residential and liaise with Head Teacher to target PP children who have not expressed interest for residential. SENCo to work with Support Staff team to organise Lunchtime Club.</p>	<p>TK LT</p>	

Improve attendance of specific groups within and pupil eligible for Pupil Premium.	-Attendance Officer	Attendance was significantly below National before we strategically placed an Attendance Officer into the Staffing Structure. With a focus on Attendance rigorous monitoring on key groups as well as support for parents we have won 2 Local Authority awards for most improved attendance in the past couple of years.	Specifically assigned Attendance Officer in staffing structure to focus on whole school attendance with a focus on vulnerable groups. Liaise with Safeguarding Officer where attendance falls or not contact to take action.	KS	
Support parents to improve SEMH (social, emotional and mental health) of pupil eligible for Pupil Premium	-SEMH Leader (previous PSA)	Evidence shows that working in partnership with parents increases engagement and overall outcomes.	Specifically assigned Parent Support Adviser/ Safeguarding Officer in staffing structure to support families prior to and during Early Help process.	KS

<p>Desired outcome</p>	<p>Chosen action/approach</p>	<p>Impact: Did you meet the success criteria? Include impact on pupils not eligible for PP, if appropriate.</p>	<p>Lessons learned (and whether you will continue with this approach)</p>	<p>Cost</p>

<p>E. Improve SEMH (social, emotional and mental health) of pupil eligible for Pupil Premium</p> <p>Improve attendance of specific groups within and pupil eligible for Pupil Premium.</p> <p>Support parents to improve SEMH (social, emotional and mental health) of pupil eligible for Pupil Premium</p>	<p>-MIND Services for one afternoon per week</p> <p>-Supplement for residential</p> <p>-Lunch Club at dinner times for Behaviour</p> <p>-Attendance Officer</p> <p>-SEMh Leader (previous PSA)</p>	<p>There are 48 children who are identified as having SEMH needs in the whole school.</p> <p>34 of these children are on the SEN register for SEMH as their primary need or additional need. The other 14 children have SEMH needs due to LAC or difficulties they have experienced during the year.</p> <p>30/48 children are pupil premium.</p> <p>5 children have been supported by MIND (no children supported from January to end of April).</p> <p>4/5 of these children are pupil premium.</p> <p>Out of these 5 children all 5 have continued to have SEMH difficulties but at a less frequent or intense level.</p> <p>Staff CPD which has impact on SEMH children: Drawing therapy, Lego therapy, restorative practices, recognising trauma, autism friendly classrooms and review of behaviour policy.</p> <p>Staff have been observed using restorative practice conversations with children and focusing on the feelings which drives the behaviour rather than the negative behaviour itself. In the areas of school where consistent nurturing and therapeutic approaches have been used improvements have been seen in the SEMH children.</p> <p>Staff have reported that they have made an impact overtime using nurturing approaches to supporting key children to change their behaviour rather than using consequences (TA reflection).</p>	<p>As a school we feel that the money that is used to provide the MIND sessions could be used differently to gain better impact. The money could be used to run small group sessions of lego therapy, circle of friends, social skills or emotional literacy to gain greater impact.</p> <p>We also feel that the links with Barnsley Teaching school alliance have started the CPD for restorative practice and this could be built on further.</p>	<p>£39,319.40</p>
