

Our Approach to teaching.....

Modern Foreign Languages (French)

The modern foreign language (MFL) that the children learn at Meadow View Primary is French.

Under the new National Curriculum MFL became compulsory for KS2 from September 2014.

In KS2 it is the expectation that the children will speak some French each week as part of their Project or as a discrete session.

Over KS2 we aim to ensure that the children will understand and respond to spoken and written language, speak with increasing confidence, fluency and spontaneity, write at varying length for different purposes and audiences and discover and develop an appreciation of a range of writing in French.
