

Parent Council Meeting  
27<sup>th</sup> April 2018

1. The group reviewed the minutes from the last meeting.
2. Y6 Leavers books  
A parent enquired if the Y6 still received the leavers books. Previously this had been previously funded by Friends of Meadow View. This had recently disbanded, the school has we will fund it this year.
3. Reading Challenge award  
We have found that not enough children were reading and school rely on parent support with reading. The reading reward has improved reading and is having a positive impact and some children are now achieving 100%. Parents raised that children not being supported at home are not achieving the target and they are missing out.  
Parents are happy with the process but feel as books are not signed or marked that teachers aren't monitoring them, but stars are being added to the charts JL to look in to this.
4. Police on Premises
5. A suggestion had been made around that police presence onsite looked bad for the school. We were not responsible for contact the police at the time it was made by a parent who requested their presence.
6. Smoking outside School Gates -  
More no s smoking signs have been put up in the area. Smokers have move from the premises to just outside the school gates and parents have to walk through the smoke with their children. We have sent several text an newsletters about this and we will no look at targeting individual parents and speak to them if necessary.
7. Parent Charter  
Eva Ogden attended the meeting with some parent charter parent representatives to discuss the process of the charter and how the charter works. They have just had there process and best practice rolled out nationally.  
Eva explained the importance of having parent representatives within the Parent Charter as well as discussing the groups cornerstones and principles. Eva left a selection of leaflets and information for our parents to read regarding becoming part of the Parent Charter. Please ask Mrs Taylor or Mrs Logan for any other information.
