

Parent Council open morning
5th March 2019

We held an open morning for parents to come along and see what the role of parent council involves and the work the parent council has done to support school. We had a group of 12 parents attend the group which some of which were existing members of the council group.

The group were told about the focus for the meetings and how parents can have their opinions on topical issues which can lead to change within school.

The group discussed what we achieved in the last academic year with the items that are displayed on our 'You said we did....' posters and explained to the people who attended how we managed to achieve these changes with the help of the parent council. The group were interested in the changes that had been made and the impact the parent council had on changing these items.

We also discussed the process of how we receive suggestions for the group. These suggestions are received either the gold box in reception or via email if parents cannot attend.
