

Parent Council meeting

8th April 2019

1. Parent Surveys - The group discussed the feedback from the parents surveys. We discussed that the first time parent surveys have been completed while attending the parents meetings. We had received over 100 surveys back which was very good. We explained the process we had done to compile the information given by parents.
We had then compiled a list of feedback and we explained that we would like the parent council work on prioritising the feedback and what we could do as a school to resolve some of them

The group took part in prioritising the feedback in immediate action with items that could/can be resolved this academic year, action with items that could/can be resolved next academic year. Priorities for school team.

After lots of great proactive discussion the group came up with the following priorities list. This will continue to be the groups focus this year.

This academic year's priorities

More places at breakfast club – *Look at increasing places due to demand of BC.*

Always children – *To look at how always children are rewarded*

Parents smoking at the school gates- *Continue with ongoing work to promote no smoking on school site.*

Parents swearing on school site- *To encourage parents to mind there language around children.*

Next academic year's priorities

More parent assemblies
More Physical activities
More Focused homework
Anti bullying
Autistic friendly after school clubs

School priorities list

More out of school activities
Extra support for children who need it
Opening gates and class room doors on time
More after school clubs for F1 children
Support for dealing with autism
