

# Anti-Bullying Policy

## Meadow View Primary School

**Approved by:** Safeguarding Governor

**Date:** 6<sup>th</sup> July 2016

**Written:** July 2016

**Next review due by:** July 2018

## Updated July 2016

### **Definition of Bullying**

Bullying can be described as being 'a deliberate act done to cause distress solely in order to give a feeling of power, status or other gratification to the bully. Bullying can range from ostracising, name-calling, teasing, threats and extortion, through to physical intimidation, assault on persons and/or their property. It can be an unresolved single frightening incident that casts a shadow over a child's life, or a series of such incidents.'

Staff, parents, governors and children at Meadow View work together to create a happy, caring and safe learning environment. Bullying, whether verbal, physical or indirect, is not tolerated. It is everyone's responsibility to try to prevent occurrences of bullying and to deal with any incidents quickly and effectively.

### **Aims**

- ◆ To provide a safe, caring environment for the whole school community, especially the children in our care.
- ◆ To provide a clear cyclical anti-bullying curriculum to be taught each year in Anti-Bullying week
- ◆ To instil in children that bullying is unacceptable and that reports of bullying will be taken seriously, recorded and acted upon.
- ◆ To enable children to recognise bullying by teaching them the different types of bullying that can occur.
- ◆ To prevent bullying by educating children on the effects of bullying and the impact upon children's lives.
- ◆ To fully investigate any report of bullying with detailed records kept of incidents, reports and complaints.
- ◆ To take appropriate action, including exclusion in cases of severe bullying.
- ◆ To monitor incidents of bullying during the school year by the head teacher.
- ◆ To ensure that all staff feel safe and are free from bullying.
- ◆ To enable parents to participate in their child's learning, on school premises, without the intimidation of bullying

## Anti-Bullying Curriculum

Year Group	Learning to Cover	Key Vocabulary to be taught
FS	<ul style="list-style-type: none"> <li>• Recognising and respecting similarities and differences in ourselves and others.</li> <li>• Learning about myself – developing self-image and self-esteem.</li> <li>• Developing social skills – meeting new people.</li> <li>• What is bullying? ## Strategy for Dealing with Bullying

In dealing with bullying, staff at Meadow View follow these fundamental guidelines.

- ◆ Never ignore suspected bullying.
- ◆ Head Teacher to be informed
- ◆ Head Teacher to record all incidents of reported bullying including incidents, investigation, consequences and outcome.
- ◆ Do not make premature assumptions.
- ◆ Listen carefully to all accounts – several pupils with the same version does not mean they are telling the truth.
- ◆ Adopt a problem-solving approach that moves pupils forward from self-justification.
- ◆ Follow up proven cases to check bullying has not returned.
- ◆ Work with the Anti Bullying Officer
- ◆ Record all incidents of bullying on the electronic system

The procedures should be followed by the Head Teacher or a member of the Senior Management Team.

1. Discuss the nature of the bullying with the 'victim' at length, recording all the facts. This will require patience and understanding.
2. Identify the alleged 'bully/bullies' and any witnesses.
3. Interview witnesses.
4. Discuss the incident(s) with the alleged 'bully/ies'. Confront them with the allegations and ask them to tell the truth about the situation/incident. Make it clear that this is only an investigation at this stage.
5. If the bully owns up, make it understood that bullying is not acceptable at Meadow View and what effect it has on the education of the victim and the rest of the children in the class/school. Apply sanctions relevant to the type of bullying.
6. If the allegation of bullying is denied, investigate further. If there is sufficient evidence that the bullying occurred, apply relevant sanctions.
7. Hold separate discussions with parents of bully and victim.
8. Sanctions for the bully include:
  - withdrawal from favoured activities, for example school visit
  - loss of breaktimes for a period to be determined by the headteacher.
  - barred from school during lunchtimes for a period to be determined by the headteacher.
  - fixed period of exclusion from school.
9. Provide a Pastoral Support Programme for the victim with a mentor/named person (usually the head or deputy head) monitoring and observing at break times and lunchtimes, and through discussion to make sure there is no repetition.
10. Provide a Pastoral Support Programme for the bully. This will include a Behaviour Support Programme and opportunities in circle time or groups for the child/ren to discuss relationships, feelings and the effect bullying can have on individuals. A mentor/named person will support the child during this programme.

In order to reduce incidents of bullying and recognise bullies, at Meadow View, all staff watch for early signs of distress in pupils. We listen, we believe, we act.

Anti-bullying Monitors ("Playground Mediators") are there as a child's first contact point, if they feel they cannot tell an adult. These are children in Year 6.

## **Bullying off the School Premises**

Meadow View Primary is not directly responsible for bullying off the school premises; however, if both the victim and the bully are from our school action will be taken as if the incident has occurred within the school, and this includes informing parents.

If a child from Meadow View Primary is involved in a bullying incident with a pupil from another school we will liaise with the other school to ensure that there is no reoccurrence. Where possible, Meadow View will support pupils who have been bullied, especially on their way to or from school, by pupils from another school or by other persons.

The following steps should be taken.

- ◆ Talk to the Head Teacher of another school whose pupils are bullying off school premises.
- ◆ Talk to the Police about problems on the local streets.
- ◆ Talk to pupils about how to avoid or handle bullying situations.

## **Staff and Bullying**

At Meadow View we aim to be a strong team to support each other. However, if a member of staff feels that they are being bullied, they should talk to the Head Teacher or a member of the Senior Leadership Team and raise their concerns. If staff do not feel that it has been dealt with efficiently, staff must contact the Chair of Governors.

If a member of staff feels that they are being bullied by the Head Teacher, they should go straight to the Chair of Governors. If the Head Teacher feels that they are being bullied, they too should refer to the Chair of Governors. When we refer to bullying, staff may feel bullied by a colleague, parent or a child or group of children. All disclosures will be treated with dignity and seriously.

## **Parents and Bullying**

Meadow View Primary is not directly responsible for bullying incidents between parents, however if bullying occurs on school premises, the Head Teacher should be informed. If the bullying is impacting on the safety and wellbeing of the children at Meadow View Primary, the Head Teacher will meet with both/all parents/carers/adults involved to negotiate a resolution. The Head Teacher holds the right to restrict access to school premises should a resolution not be made. If bullying between parents occurs off school premises, the parent/carers should contact the police. The Parent Support Advisor will offer support as appropriate.
